(c) the measures/efforts made by Government to increase the per capita investment in Maharashtra?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI M.V, CHANDRASHEKHAR MURTHY): (a) to (c) District-wise per capita investment made by Commercial Banks, Cooperative and Scheduled Banks in Maharashtra State as on 31-3\-1993 is given in the Statement. (See below) Out of 30 Districts, 27 Districts have less per capita bank credit compared to national average of Rs. 1978/-. In this connection it may be stated that the credit deployment in State/Region depends upon the credit absorption capacity of the area which is related to availability of infrastructure like power, marketing network communication etc. This is clear from the fact, that the remaining three Districts namely, Greater Bombay, Pune and Nagpur have more per capita bank credit being commercial/metropolitan centres in the State. The issues relating to credit deployment in the States are discussed regularly at State Level Banker's Committee Meetings.
